

HYOSUNG

Full-Function, Through-The-Wall, Drive-Up ATM

7800D

Hyosung is revolutionizing the self-service industry. The **7800D** gives your consumers a choice on how to interact: self-service or with the help of on-demand video assistance. The **7800D** offers a robust set of transactions with core integration, not just your typical, limited ATM choices.

The 7800 series' modular design and high capacity allows for industry leading availability and serviceability. Along with superb end user customer satisfaction scores, there is a reason why Hyosung is the fastest growing ATM company in the US.

KEY FEATURES

USABILITY

A 19" multi-touch screen enables intuitive and meaningful customer experiences. Multiple customer authentication options including contactless and biometrics.

HIGHEST AVAILABILITY

Innovative modular design and the use of Hyosung manufactured core technologies allows for fast service, easy replenishment and minimum downtime. The **7800D** is designed to provide reliability that is unequalled in the market, with minimum maintenance and maximum uptime.

CAPACITY

High capacity, cash dispense capability and the ability to support large volume transactions. High capacity allows for denomination selection.

FUNCTIONALITY

The **7800D** offers a robust set of transactions when deployed in conjunction with Hyosung's innovative integrated software approach and powerful video assistance solutions. The **7800D** includes bill payments and funds transfers in a highly user-friendly interface for maximum convenience.

SECURITY OPTIONS

Hyosung ATMs defend against physical and logical attacks with a combination of multi-level anti-skimming, locked down operating system, white-listing, and encryption.
